FOUR WOUNDED IN JOLIET PRISON RIOT

FRENCH CABINET UPSET; SOCIALISTS ROUT RIBOT; PAINLEVE TO BE PREMIER

Socialists, Dissatisfied With Conduct of War by Ribot Ministry, Decline to Give Their Support Unless Radical Changes Made; Painleve to Throw Ginger Into War Operations.

PARIS, France, Sept. 10.—The action of the Socialist party yesterday in refusing to collaborate with Alexandre Ribot in forming a new cabinet, which caused M. Ribot after consultations, to notify president Poincaré that he was obliged to give up the effort, was quite unexpected.

An explanation of the Socialist step was given by some of their deputies who declared that when premier Ribot announced that a reconstruction of the cabinet would take place, the Socialists were under the impression that at the recent Ministerial budget committee, was to have been nominated.

Painleve Supports Socialists.
On the withdrawal of the Socialists, M. Ribot proceeded to make Louis Louvel, his under-secretary of munitions in charge of the manufacturing sections, had rendered yeoman service in organizing the industries, minister of munitions in place of Albert Thomas, and then the role of opposition at the recent Ministerial budget committee, was supporting Gen. Korniloff.

NEW REVOLT IN RUSSIA; KORNILOFF IS "TRAITOR" ARMY IS FOR DICTATOR?

MOSCOW, Russia, Sept. 10.—Members of the cabinet today informed the Associated Press that the provisional government regards the pronouncements of commander-in-chief Gen. Korniloff, in which he has demanded unlimited power to organize a government at his convenience, as an act of rebellion which must be suppressed ruthlessly.

The government believes it has enough loyal troops and the support of the Russian people to enable it to put down the Korniloff movement.

Conservatives Back Korniloff.

When M. Lvoff saw premier Korniloff on Saturday and presented Gen. Korniloff's demands, he told the premier that an organization of duma members, Moscow industrial interests and other conservatives had placed the rôle of opposition at the recent Ministerial budget committee, was supporting Gen. Korniloff.

**WAR TAX BILL
DEBATE ENDS**

Measure Is Placed on Final Passage After Long and Heated Discussion.

WASHINGTON, D. C., Sept. 10.—After five weeks of debate the measure today is in the last stage of the war revenue bill. All debate was shut off at 2 o'clock this afternoon under the unanimous consent agreement, when the bill was put upon its final passage.

Before the final vote was reached, however, several features were proposed of embracing consumption taxes on sugar, tea and coffee, the three cent levy on freight transportation, a second class mail rate, a new provision against the "tarnzinschau," and the provost tax on corporations, intended to give the final day's debate began on the consumption taxes on sugar, tea, coffee and coconuts and their substitutes. Senator Brewster moved for its elimination, Senator Smoot moved for the point that national honor now requires that the democratization of Germany shall be indefinitely delayed because America makes it conditional on an entire peace.

People Will Enforce Reforms.

The paper declares that while unwaranted interference with the economy of Germany must be avoided, the people shall not be deterred, even by enemies, from enforcing reforms deemed necessary for the benefit of the country.

150 BELGIANS ESCAPE AND TAKE GERMAN GUARDS ALONG

Paris, France, Sept. 10.—According to a telegram from Havre, where the Belgian government is temporarily located, about 150 Belgians have succeeded in crossing the frontier into Holland and freedom is a curious manner.

The German military authorities had decided to have certain trees cut down because they interfered with the view of the sentries placed along the border wire fence and the shell holes.

Notwithstanding these conditions the cannonade continues while raiding parties make daring dashes to shell holes.

NOVA SCOTIA SCHOONER DESTROYS A SUBMARINE

Parsons, N. S., Sept. 10.—News came over a cable from London that a German submarine had been destroyed by a Nova Scotia schooner Minas.

The crew of the schooner, which had long been at sea, were all safe and were only pleased to desert.

Aeros For Future Arctic Exploration

Portland, Me., Sept. 10.—"I have made the last sledge and dog expedition to the far north, in the teeth of the most severe weather, bringing men to the most undiscovered regions of the north,"

Douglas B. MacMillan, Arctic explorer and scientist, made this statement in an interview. Conditions, he said, "are

"The day of dogs and sledges is over. The aeroplane will, in the future, carry men to the vast north, which no man has ever seen."

That journey will be established, the non-existence of Crocker Land, which took 70 days to make in the dead of the polar winter, with the hardships which attend such a trip, will be history,

and the dangers they must face, could have been made in a modern aeroplane in summer time before breakfast and dinner. That sounds extravagant, but it's true."

GERMAN CONSULS AND SOLDIERS IN MEXICO CITY

Mexico City, Mexico, Sept. 10.—A number of German consuls and soldiers have arrived in Mexico City, including Herr Schulte of Juarez, and R. Evershed of Tampico. Their visit, in conjunction with the arrival of four German military men who had been for some months in Sonora and on the west coast, has led to the suggestion that a conference of Germans will be held.

No indications of the purpose of such a conference, if one has been called, has become known in Mexico City. It is expected that the long delayed joint appointments will be announced next Tuesday.
